Button= View More (To lead to specific service page, same for other services pages)

2. Need a specific page for each Service and their contents is in [Services page] in this document.

3. Also same for other tabs

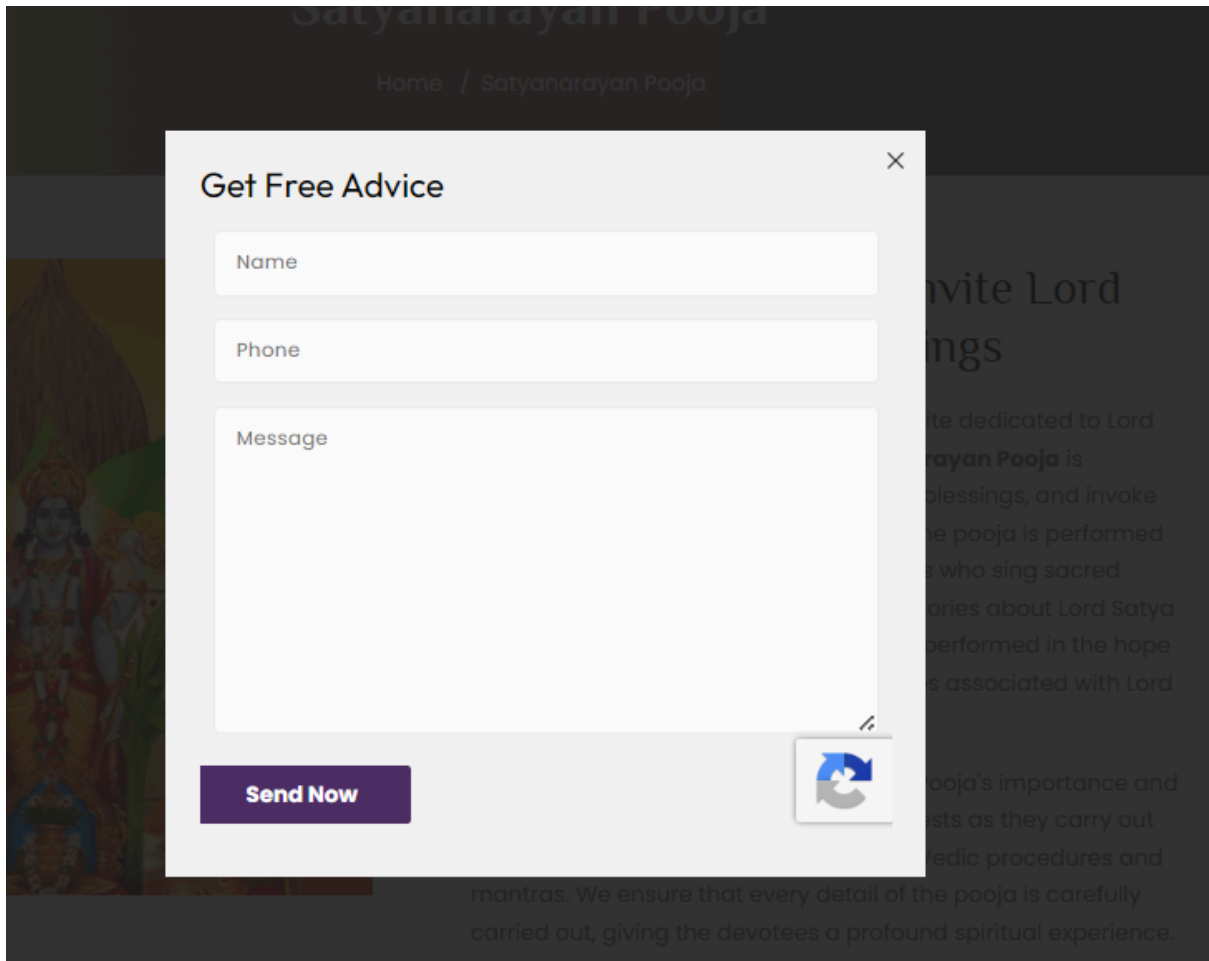

- love problems
- privacy services
- pooja

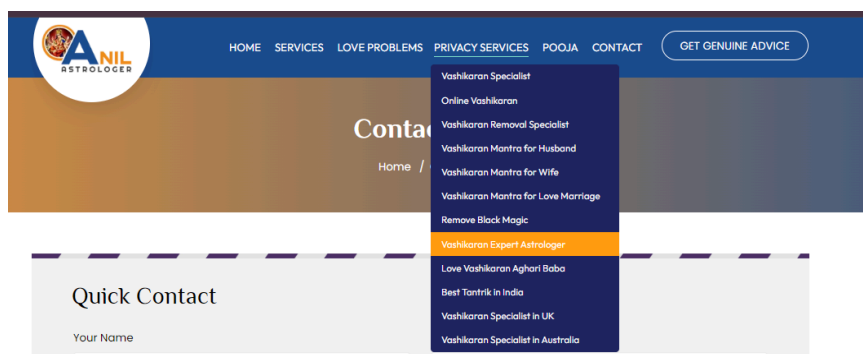

-Different page and url for each as per content. Each page has different data content.

-And also for yantras <https://www.astrologernearmee.com/yantras> make different tab section in header as yantras

-In get genuine advice add this box

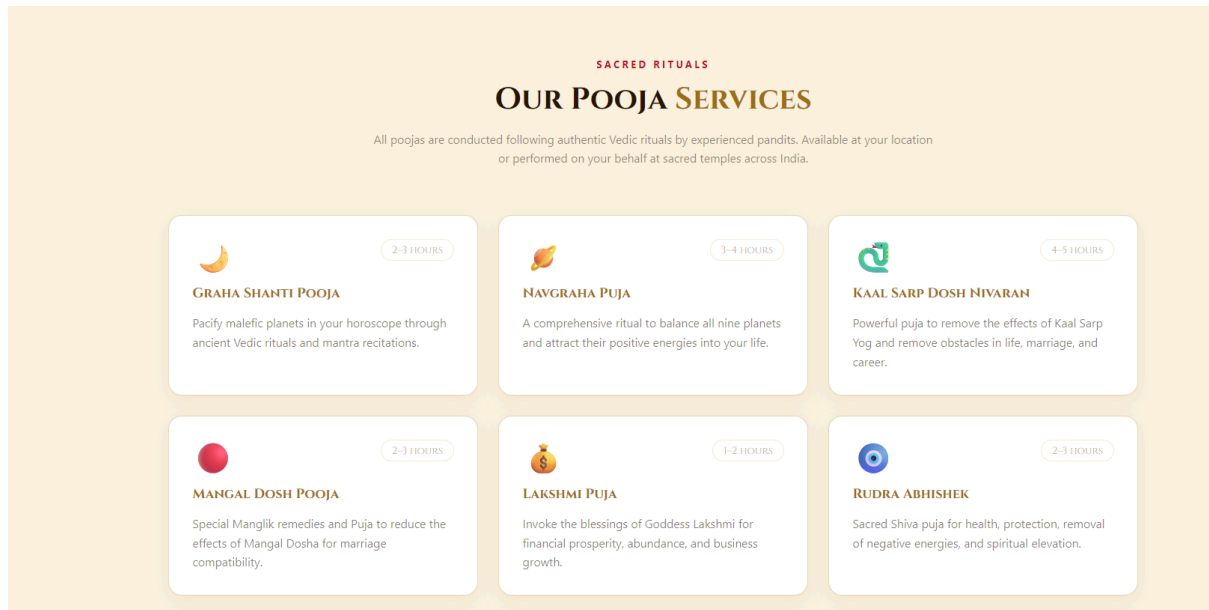

4. In the privacy services tab, there are different services pages in it.

Each service page's content is in the privacy services tab.

5.

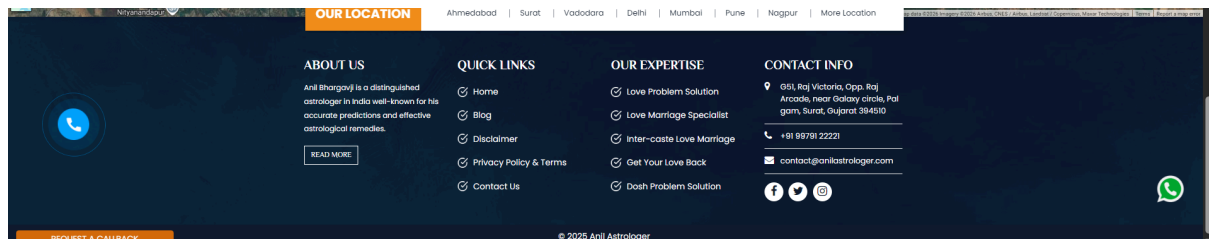

Each card has button to lead there content. **So need to make different pages for each for their service.**

6. The gemstones, malas, bracelets, pooja & spiritual decor section is pending.
As per this reference site <https://gemsmantra.com/collections/yantras> and content in this sheet.

<https://gemsmantra.com/> this is the reference website for the products page
